

4" x 30' Winch Straps

All winch straps are made from resin-coated polyester for minimum stretch and maximum wear resistance. These rugged straps provide the strength and durability demanded in flatbed tie-down requirements. All winch straps are labeled to meet CVSA and DOT guidelines.

Working Load Limit: 5,000 lbs.
Breaking Strength: 15,000 lbs.

Winches

Kinedyne winches provide a method for securing cargo on flatbed trailers, railcars and other vehicles. All winches are designed to meet the requirements of the Department of Transportation (DOT) and California Highway Patrol (CHP) when properly installed. All winches are produced as right-hand models; left-hand models are available as a special order.

Weld-On Combination Webbing & Cable Winches

Double duty combination winches can hold webbing or wire cable.

\$26.60

Pan Fitting with D-Ring

Pan fittings are designed for easy low profile mounting in trucks or cargo containers. Pan fittings are made of high quality zinc plated steel with a tough polyurethane trim plate collar. Working Load Limit: 200 lbs. Breaking Strength: 600 lbs.

7190-K
\$3.08

Lashing Winch

This versatile tie-down can be welded or bolted in place like a winch, but offers the quick release and easy operation of a ratchet buckle.

Breaking Strength: 10,000 lbs.
Working Load Limit: 3,335 lbs.
Fits: 2" web

1880-K
\$20.70

1" Ratchet Straps

All one-inch straps are easy to use and have the same quality and durability features of Kinedyne's heavy duty tie-downs used on flatbed and van trailers.

15' Ratchet Strap w/ "S" Hooks

761587PK Working Load Limit: 400 lbs.
\$13.32 Breaking Strength: 1,200 lbs.

Winch Bars

All winch bars feature a knurled non-slip handle, a tapered carbon steel nose piece for strength and easy operation. Combination bars have modified handles for use in tightening chain binders.

Standard Bar
