

1/2" Drill (Variable Speed, Reversible)

- Powerful (6.5 AMP) motor
- Variable speed (0 - 850 RPM) for controlled drilling
- Heavy duty 1/2" industrial quality drill chuck
- Compact and lightweight (4.8 lbs.)
- Large and conveniently located reversing switch and lock-on button
- Side handle can be attached to either side of the tool for better control
- Convenient belt clip
- Double insulated

Makita

STANDARD EQUIPMENT

- Drill chuck
- Chuck key
- Side handle

\$175.50

5/8" Hammer Drill Kit

- Industrial Keyless Chuck for Quick Bit Changes
- Powerful 6.0 AMP motor with 0-2,800 RPM & 0-44,800 BPM for the most demanding applications
- Soft grip handle provides increased comfort on the job
- Extended life brushes are longer for more work between service intervals and less downtime
- Recessed lock-on button for continuous use
- All-ball bearing construction for longer tool life
- Lightweight (4.3 lbs) with large drilling capacity up to 5/8" in concrete
- 2-mode operation for "Rotation Only" or "Hammering with Rotation" for multiple applications

Makita

STANDARD EQUIPMENT

- Side Handle
- Depth Gauge
- Chuck Key

HP1641K
\$121.50

3/4" Hammer Drill with L.E.D. Light

- Powerful 6.6 AMP motor and lightest tool on the market (5.1 lbs.)
- 2-Modes: hammering with rotation and rotation only
- Recessed lock-on button for continuous use
- Ball bearing construction for longer motor life
- Built-in Torque Limiter stops bit rotation when hitting reinforcement to prevent kick-back
- Built-in, shock-proof, high-output white L.E.D. light illuminates the drilling surface area and increases visibility
- Air vent holes supply required ventilation while protecting motor from dust and dirt
- Ergonomic and well balanced design with rubberized grip for comfort and control reducing operator fatigue
- Large trigger switch and 360° swivel side handle for added comfort
- Positive Stop Mode Selector prevents accidental mode disengagement

Makita

STANDARD EQUIPMENT

- Side Handle
- Depth Gauge
- Chuck Key
- Tool Case

HP2050F
\$224.40

1/2" Square Drive Impact Wrench (Reversible)

- 2,600 IPM and 2,200 RPM for fast tightening and loosening of bolts
- Extremely well balanced and lightweight design (5.0 lbs.) for easy handling and reduced operator fatigue
- Rugged housing with rubber bumper for long tool life
- 8.2 ft. power cord for less restrictive movement
- Powerful 6 AMP motor for superior performance under heavy-duty applications
- Isolated forward/reverse switch helps prevent accidental rotation changes
- Includes steel tool case
- Double insulated

Makita

Standard Equipment
• Steel tool case
