

### Top Handle Jig Saw with L.E.D. Light

- Anti-vibration technology along with dynamically balanced motor for over 40% reduced vibration and noise than competitive models
- Illuminate your work with on board L.E.D light for increased visibility
- 3 orbital setting plus straight cutting with powerful 6.3 AMP motor for cutting in all varieties of materials
- Electronic variable speed control dial (800-2,800 SPM) maintains consistent speed throughout the cut for superior results

4350FCT  
\$229.60

### Recipro Saw (Variable Speed)

- Long 1-1/8" Stroke for Faster Cutting
- Variable speed for increased cutting efficiency
- Powerful 9 AMP motor for continuous operation
- Long 1-1/8" stroke for faster cutting
- Heavy-duty shoe features tool-less adjustment
- All ball and needle bearings for longer tool life
- Internal dust blower system clears debris from the line of cut for better visibility and accuracy

**Makita**

INCLUDES:  
• 1 ea. Blade  
(723054-A, 723066-A)  
• Plastic tool case  
JR3050T  
\$138.00

### 18V 6-1/4" Cordless Metal Cutting Circular Saw

- Cuts 2-1/16" at 90°
- Fixed base at 90° for improved dust collection
- Electric brake for quick adjustments
- Includes special 6-1/4" 46 tooth carbide tipped blade for fast cuts in metal
- Shaft lock for easy blade replacement
- Dust port on housing container enables vacuum attachment
- 18V (2.6Ah) Nickel-Metal Hydride battery for maximum performance
- Powerful two-piece "D-35" motor with replaceable armature for longer life

**Makita**

INCLUDES:  
• (2) Ni-MH Battery 1834  
• Charger DC1801  
• Carbide tipped blade  
• Rip fence  
• Wrench  
• Plastic tool case  
5046DWBE  
\$339.00

### 14" Portable Cut-Off Saw

- Powerful 15 AMP motor delivers 3,800 RPM for superior performance
- Fence adjustment up to 45° for accurate angle cuts; adjust to 3 locations for various material sizes
- Adjustable spark guard designed to divert sparks
- Wrench stores on base for operator convenience
- "Tool-less" vise adjustment for quick and easy clamping of material
- Large ergonomic handle for operator comfort
- Large cutting capacity; cuts up to 5" round and 4" x 7-5/8" rectangular

**Makita**

INCLUDES:  
• 1 Ea. Abrasive wheel  
• Socket wrench  
LW1401  
\$215.80

### 12" Metal Cutting Saw

- 4 x faster cutting in light pipe, angle iron, tubing and channel than abrasive cut-off saws
- Powerful 15 AMP motor
- D-shape handle for easy gripping
- Long lasting carbide tipped blade for clean and accurate cutting; virtually burr free
- Lock-off button prevents accidental starting
- Maximum cutting depth of 4-1/2" with carbide tipped blade
- "Tool-less" guide plate adjusts 0 - 45° for quick and easy miter cutting
- Quick release vise for secure stock retention and fast repeated cut-offs
- Large cast aluminum base for stability

**Makita**

INCLUDES:  
• Carbide tipped blade  
• Socket wrench  
• Switch button  
LC1230  
\$540.80
