

Stick Welder Starter Kit

- (1) 100-ST Easy Welder
- (1) Auto-Darkening Welding Helmet
- (1pk) 3/32" Steel Electrodes
- (1) 4-1/2" Type 27 Metal/Steel Grinding Wheel
- (1) Wire Brush
- (1pr) Driver Gloves
- (1pr) Welding Gloves

Main Voltage: 120V - 20 Amps
 Duty Cycle: 20% @ 90 Amps
 Rod Diameter: Up to 1/8"
 Welds: 16ga. to 5/16"
 Dimensions: 11.8" x 4.7" x 9.4"
 Weight: 7.5 lbs

Flux Core Wire Welder Starter Kit

- (1) 125-FC Easy Welder
- (1) Auto-Darkening Welding Helmet
- (1roll) E71T-GS .030" 2 lbs. Flux Core Wire
- (1) 4-1/2" Type 27 Metal/Steel Grinding Wheel
- (1pr) Wire Brush
- (1pr) Driver Gloves
- (1pr) Welding Gloves

Main Voltage: 120V - 20 Amps
 Duty Cycle: 20% @ 125 Amps
 Wire Diameter: Up to .030"
 Welds: 24ga. to 1/4"
 Dimensions: 24.6" x 12.6" x 18.5"
 Weight: 32.6 lbs

Argon/CO2 Regulator Kit for MIG Welder
 Designed for light and medium MIG and TIG applications to provide accurate flow of gas. Dual scale gauge with impact resistant polycarbonate lens and machined brass body for maximum durability. Includes adapter for 5/32" gas hose.

**Now with #85359
 Gas Line Adapter for mig
 welders with 1/8" gas hose.**

MIG Gas Flow Meter and Regulator-in-One, for MIG/TIG Welders

Combination of regulator and flow meter as one single stage piston design unit. Specifications: 0 - 60 SCFH flow; Preset output 50 PSIG for argon and CO2; Weight 1 Lbs. Features: Regulator and flow meter in one unit. Provides accurate regulation of gas flow. Impact resistant machined brass body, polycarbonate flow tube and outer cover. Designed for MIG and TIG applications.
