

Arc Welding Accessories

14-3/8" Deluxe Rod Storage Can

This can is made of high impact polypropylene plastic. The screw type cap and rubber O-ring, when sealed tight, provide a clean, dry, airtight compartment for electrodes. Up to 10 lbs. of Forney 3/32", 1/8", 5/32" electrodes in 12" and 14" lengths can be stored in the container.

93097-F \$10.68

Electrode Holder 200 Amp, 8-1/2" Long

Type F-2. Designed for handling up to 5/32" rods. This is widely used in steel fabrication at up to 200 amps. Will accept up to #2 welding cable.

56000-F \$19.12

Electrode Holder 300 Amp, 10-1/2" Long

Type F-3. Heavy-duty Electrode Holder. Suitable for most arc welding jobs. Accommodates rods 3/32" through 3/16" diameter. Will accept up to #1 welding cable.

56200-F \$25.86

Male Sure-grip Plug

For assembly or replacement of welding cables #6 to #2. Makes mechanical connection with no soldering. Good for special connecting applications, light to heavy duty. Used on C, CB, FS and F series, Forney and Miller welders. Comes complete with solid brass bar stock machined male plug, insulator sleeve, shim & set screw.

57901-F \$14.62

57902-F \$14.62

Total Cut Pipe Guide

4-In-1 Pipe Cutting Guide.

Made from high grade steel so it's reusable.

Four different cuts from each guide:

Saddle cut, 45°, 22-1/2° and 90°.

Includes a spring loaded hinge.

Painted red.

PIPE SIZE	TUBE O.D.	ITEM #	PRICE EACH
1-1/4"	1.625"	47937	\$19.95
1-1/2"	1.875"	47022	19.95
2"	2.375"	49208	19.95
2-1/2"	2.875"	49209	19.95
3"	3.500"	47025	19.95
4"	4.500"	47716	25.00

Plugs & Receptacles

Crowfoot Male Plug

50 AMP 230 VOLT

Heavy-duty vinyl male plug, 30 amp, 125/250 volt capacity. Crowfoot design with three heavy-duty brass blades. UL-498 approved. Nema 10-30. Patented lay in terminals accept up to #4 wire (copper or aluminum).

57601-F \$21.36

New Style Pin Type Male Plug

50 AMP 230 VOLT

Heavy-duty vinyl male plug, 30 amp, 230 volt capacity. Pin type design with two brass blades and half pin. UL approved. UL-498 approved. Nema 6-30. Patented lay in terminals accept up to #4 wire (copper or aluminum).

57602-F \$20.24

Crowfoot Female Wall Receptacle

50 AMP 125/250 VOLT

Heavy-duty bakelite power receptacle-2 pole, 3 wire grounding for surface mounting. 50 amp, 125 and 230 volt receptacle. UL-498 approved. Nema 10-50. Patented lay in terminals accept up to #4 wire (copper or aluminum).

58499-F \$14.62

New Style Pin Type Female Wall Receptacle

50 AMP 125/250 VOLT

Heavy-duty bakelite power receptacle-2 pole, 3 wire grounding for surface mounting. 50 amp, 125 and 230 volt receptacle. UL-498 approved. Nema 6-50. Patented lay in terminals accept up to #4 wire (copper or aluminum).

58402-F \$20.24

Crowfoot Portable Female Receptacle

50 AMP 125/250 VOLT

Heavy rubber insulator covering and hardened bakelite surrounding all copper connectors. UL-498 approved. Nema 10-50.

58400-F \$22.48

Pin Type Portable Female Receptacle

50 AMP 250 VOLT

Heavy rubber insulator covering and hardened bakelite surrounding all copper connectors. UL-498 approved. Nema 6-50.

58401-F \$28.12
