

Construction and Survey Marking Paint  
Superior upside down marking paints that are designed to clearly and effectively mark the location of underground utilities. These solvent based paints will mark almost any surface, including wood, concrete, asphalt, brick, and gravel. The patented spray-through cap is designed to be used in the #245 Aervoe Marking Stick or #244 Spot Marker, or easily removed from the can.

### Striping Paint and Stripers

These high-solids, fast-drying formulas offer excellent resistance to traffic, oil, and gasoline. Aervoe aerosol striping paint is versatile and economical. It is designed for use in the Vers-A-Striper, or Striping Stick. Line width can be adjusted between two and four inches (model #800-A). Each case of aerosol paint will yield a four-inch stripe approximately fifteen hundred linear feet.
