

PAYSON CASTERS

General Duty Plate Casters
The "760" is an economical, all-purpose caster of single ball race construction, made of heavy gauge cold-rolled steel. Simplicity of design renders a combination of quality with low cost.

General Duty Stem Casters
Series "024" have double ball bearing swivels, and hardened raceways, with replaceable nut and bolt axles, and a standard zinc plate finish.

APPLICATIONS

Widely used on furniture dollies, box and platform trucks, bakery racks, laundry and linen baskets, and other equipment on which applications require an economical single ball race caster.
