

HOSE HALTERS™

To reduce damage to equipment and injury to personnel when hoses accidentally disconnect while under pressure be sure to use the new Lift-All Hose Halters™. Suitable for use on pneumatic, water and hydraulic hoses, these easy to install straps are made from strong, flexible nylon webbing. The available standard lengths will accommodate hoses with inside diameters from 1/4" up to 6". Meets OSHA, MSHA and Canada OHS requirements for restraining devices on hose connections.

Help protect your workers from injury and your equipment from damage

OSHA 1926.603(a)(10) states:
Safety chains, or equivalent means, shall be provided for each hose connection to prevent the line from thrashing around in case the coupling becomes disconnected.

LENGTH	Recommended for Use on the Following Hose Inside Diameters								ITEM #	PRICE
	1/4"	1/2"	3/4"	1"	2"	3"	4"	6"		
	Hose Maximum Internal Pressure (PSI) at Above Hose I.D.									
30"	52,000	13,000	5,800	3,300	750	---	---	---	HH230	\$13.33
44"	---	---	---	3,300	750	350	200	---	HH244	15.75
64"	---	---	---	---	750	350	200	90	HH264	19.18

Comfort Gel Filled Knee Pads

- Constructed w/ Heavy Duty Polyester Fabric
- Foam Core Gives Maximum Cushioning Plus Perforated Neoprene Lining Keeps Away Moisture
- SOFT GEL High-Impact Poly Thread Cap
- Elastic Upper Velcro Fastening Straps
- One Size Fits All
