

Crescent® Adjustable Chrome Wrenches
 These wrenches are made of fine alloy steel to give extra strength and wear. Used by professional mechanics, industrial tradesmen and home mechanics. Dimensions are proportioned for greatest strength with minimum weight. A tension spring under knurl helps prevent jaw opening from changing adjustment. An open handle design permits easier knurl adjustment. Handle made of forged alloy steel and heat treated for toughness and durability.

WRENCH LENGTH	MAX. OPENING	HANDLE TYPE	WRENCH FINISH	ITEM #	PRICE
6"	3/4"	Regular	Chrome	AC-16	\$20.29
