

1900 Series Cable

- For front on rear wheel drive, including those vehicles for which the owner's manual specifies SAE class "S" traction devices.
- Great snow and ice steel lug traction for front wheel drives, radial tires, and vehicles with limited wheel well clearances. Lightweight and easy to install. Unique design reduces noise and vibration. Cross members of rugged, steel lugs.
- Standard Packing: One pair per box
- Note: All tire sizes listed below containing an "R" represent radial tires. Cables will fit non-radials of like sizes.
- Note: Advise your customers that additions and changes have been made to some of the tire chain groupings. If there is a conflict between the sizes listed in the catalog and on the tire chain package, the sizes shown on the package label shall be deemed to be correct
